

New 272/282 PTO Family

The Chelsea Products Division is proud to announce the release of the NEW 272 and 282 Series PTOs!

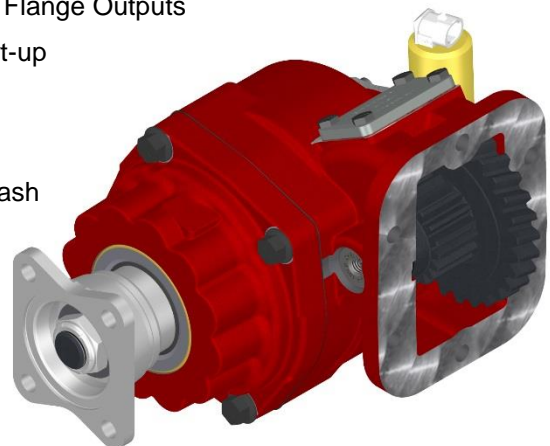

The 272/282 Family is a reinvention of our medium duty hot shift PTOs that consolidates the 230/231/270/271/236/238 Series while improving on their design. The options and features of all of these series are consolidated into two PTO series – a 6-bolt and an 8-bolt version. This will minimize inventory while maximizing options and inventory flexibility, in addition to offering NEW features.

Features:

- **Air or Hydraulic Shift** – 272 & 282 can be ordered for either shift medium.
- **Integrated Air Valve** – Fewer leak points and easier installation (Remote valve also available) – PATENT PENDING
- **Higher Torque Capacity** – All Continuous-Duty torque ratings up to 300 lbs-ft
 - Larger bearings – Higher dynamic loads
 - More clutch plates and friction surfaces – Better load holding
 - Wider gears – More gear tooth contact
- **Nine Available Ratios** – See Application Catalog for details
- **New Output Options**
 - SAE C Flange – Now available on this size PTO
 - Ten Spline Shaft – For Companion Flange Outputs
 - Smart Start – For High Torque Start-up
 - Rotatable – All rotatable flanges
 - Wet spline Output - Optional
- **Inspection Plate** – Ease of checking backlash

Attached:

- Pricing supplement to the 2016 Suggested List Price.
- 272/282 Sales Flyer – HY25-0190-B1/US
