## Xpress Driver Support List

**Rohnert Park, CA July, 2017**—Xpress Manager use Kepware to provide a significant diversity of drivers and device connections to our users. The following Driver Support List will provide users with a guide of what devices could be compatible. As with all guides, it is not all inclusive—if you have a question about a specific device please reach out to our applications team.

The following driver list is compatible with the following products:

Xpress Version	Kepware Driver Support
4.1	5.2.165
