

# Par Fit™ Oil Filters

For Heavy Duty Applications

Par Fit oil filters are a growing family of high quality spin-on oil filters for heavy duty applications. Each model incorporates specified filter media and meets or exceeds OEM performance requirements at competitive prices.

## Applications

The Par Fit oil filter product line provides superior oil system protection for many of the most popular heavy duty diesel engine applications. See accompanying cross reference guide on the next page for complete details.

## Product

Every Par Fit oil filter contains the latest high efficiency, long life media developed for optimum filtration performance. Each media grade was specified and laboratory tested by Racor to SAE standards to guarantee the best performance and value.

## Contact Information
