

PVC PRESSURE HOSE WATER

TCW TURF & COLD WASHDOWN

Turf and Cold Washdown hose is manufactured from quality virgin PVC compounds and is suited particularly for Australian conditions. The distinctive all smooth white construction is purpose built for shed washdown applications the hose has a white hygienic cover, designed for easy handling in many cold washdown applications.

The special blend of UV stabilizers provides optimum UV and abrasion resistance, which also makes this hose ideal for watering applications in parks, gardens, golf courses and bowling greens.

FEATURES:

- ◆ Good cold weather flexibility
- ◆ Special blend of stabilizers provides superior UV resistance
- ◆ Abrasion resistant
- ◆ Made in Australia

ID (mm)	OD (mm)	Working Pressure (psi)	Min Bend Radius (mm)	Weight (kg/mtr)	Coil Lengths (Mtrs)	Part No
12.5	18.0	145psi	100	.16	20, 100	TCW-012-***
