Parker Fluid Control Division REACH Product Declaration of Conformance

The Fluid Control Division of Parker Hannifin Corporation ("Parker") represents, with the limitations set forth herein, that the products (the "Products") sold are in conformance with applicable provisions of the regulation known as REACH (Registration, Evaluation, Authorization and restriction of Chemicals), 2006/1907/EC.

Parker FCD produces articles that *are exempt from any registration requirements based on the following provision:*

The Products are articles which do not release substances during their normal and intended use in accordance with Article 7.1 of the regulation and/or the substances in the product family enter or are produced in the European Union in quantities of less than 1 tonne (1000 kg or 2200 lbs) on an annual basis and/or the substances in the product family are exempt from registration based on the substance being listed in Annex IV or Annex V of the regulation and/or the substances in the product family meet the polymer exemption in accordance with Article 6.3 of the regulation.

Parker's representations herein are solely based on the Material Data Sheets (MDS) and/or other declarations provided by Parker's suppliers. Parker has not chemically analyzed the Products for any of the listed substances. Further, Parker's representations herein do not include disclosure of the existence of "impurities," defined for purposes of this certification as chemical substances that are unintentionally present with other chemical substances and are not present for the purpose of imparting or changing the characteristics of a material or product.

Since conditions of use are outside Parker's control, Parker makes no warranties, express or implied, and assumes no liability related to any use of this information.

Sincerely,

Brian D. Comiskey
Division Engineering Manager
