

Spin-on Compressed Natural Gas Filter

Customer Value Proposition:

The Spin-on Compressed Natural Gas Filter removes oil, condensation, particulate, and other contaminants from low pressure natural gas fuel systems.

How the Product Works:

The gas filter coalesces oil mist generated from the fueling compressor into large droplets that can be drained using the valve at the bottom of the housing.

Product Features:

- Twist drain
- Powder coated housing
- High efficiency media
- Easy application spin on design

Specifications:

Part Number - PFF7695	
Thread	1 1/2 - 16
O.D.	3 25/32 (96.0)
Length	7 11/32 (186.5)
Media	Microglass
Flow Direction	Inside Out
Operating Pressure	100 PSIG
Particulate Efficiency	99.99% @ 5 micron
Coalescing Efficiency	96.5%
Weight	1.0 lb
Gasket Included	

ENGINEERING YOUR SUCCESS.

Product Applications:

The Compressed Natural Gas Filter fits Cummins B series natural gas engines in the following applications (please see table).

Manufacturer	Make	Model	Description
Autocar	Trucks	WXR42	WXR42 w/ISL NG Eng.
Capacity	Trucks	TJ9000	TJ9000 w/Cummins ISL-G Eng.
Cummins	Engines	ISL-G	ISL-G Natural Gas (8.9 L)
Cummins	Engines	ISX-G	ISX-G (15.0 L)
Eldorado	Buses	Transit	Transit w/CNG Eng. (2000)
Freightliner	Truck & Buses	Business Class M2 NG	Business Class M2 NG w/Cummins ISL-G Eng.
Kenworth	Trucks	T440	T440 w/ Cummins ISL-G Eng.
Kenworth	Trucks	T800	T800 w/Cummins ISL-G Eng.
Kenworth	Trucks	T800	T800 w/Westport HD GX (15.0 L) Eng.
Kenworth	Trucks	W900	W900 w/Cummins ISL-G Eng.
Mack	Trucks	MRU613	MRU613 w/Cummins ISL-G Eng.
Mack	Trucks	Terrapro	Terrapro w/Cummins ISL-G Eng.
NABI	Buses	40LF Transit	40LF Transit w/LNG Eng. (1998-2001)
Peterbilt	Trucks	365	365 w/Cummins ISL-G Eng.
Peterbilt	Trucks	367	367 w/Westport HD GX (15.0 L) Eng.
Peterbilt	Trucks	384	384 w/Cummins ISL-G Eng.
Peterbilt	Trucks	386	386 w/Cummins ISX-G Eng.
Peterbilt	Trucks	386	386 w/Westport HD GX (15.0 L) Eng.
Westport HD	Engines	GX	GX
