

## TECHSEAL'S MATERIAL PROPERTIES

EPDM	
Properties	E7736
Color	Black
Hardness (Shore A)	70
Tensile Strength (psi)	2100
Elongation (%)	200
100% Modulus (psi)	425
Compression Set (%)	
22 hrs @ 100°C	15
70 hrs @ 150°C	-

*Unless otherwise noted, these are test values from a limited number of samples and should NOT be used for establishing specification limits. Please contact TechSeal for more information.*

ENGINEERING **YOUR** SUCCESS.
