

TECHSEAL'S MATERIAL PROPERTIES

| Nitrile | |
|------------------------|-------|
| Properties | N7021 |
| Color | Black |
| Hardness (Shore A) | 70 |
| Tensile Strength (psi) | 1500 |
| Elongation (%) | 250 |
| 100% Modulus (psi) | 500 |
| Compression Set (%) | |
| 22 hrs @ 100°C | 25 |

Unless otherwise noted, these are test values from a limited number of samples and should NOT be used for establishing specification limits. Please contact TechSeal for more information.

ENGINEERING **YOUR** SUCCESS.
