

New Mobile Web App for Veriflo Product Catalogs

Parker Veriflo is pleased to announce the launch of our new Mobile Web App. This Web App provides easy access to all Veriflo Product Catalogs and specifications “on-the-go” through your mobile browser.

Highlights of Web App:

- Viewable on most mobile devices including iPhone, iPad, iPod, Android phones and all other mobile devices that use Safari or Google Chrome browsers.
- Automated ‘Where to Buy’ finder based on current location or zip code. Also includes ‘Map It’ feature to find directions to selected distributor.
- Quick navigation to all Veriflo products through our new user interface.
- Easily email product catalogs right from your mobile device.
- Rapidly configure product model numbers.
- Intelligent distributor locator for individual products.
- Plus all other convenient features of having a mobile device

Please enter <http://m.parker.com/veriflo> to access this Web App on your mobile device's web browser.

(Blackberrys and other devices that do not use Safari or Google Chrome browsers to view this App may experience some viewing limitations.)
