

Parker Hannifin Corporation  
Fluid System Connectors Division  
300 Parker Drive  
Otsego, MI 49078

Office 269 694 9411

April 24, 2017

To Whom It May Concern:

This letter is in response to your request for a Material Safety Data Sheet (MSDS) for a product Parker Hannifin Corporation — Fluid System Connectors Division (FSC) currently supplies to your company.

All finished products that Parker Hannifin FSC ships to your company are "Articles" as defined in 29 CFR §1910.1200(c). The following is the definition of an article:

"It is a manufactured item, formed to a specific shape or design during its manufacture which has an end use function(s) depending in whole or in part upon its shape or design during its end use, and which under normal conditions of use does not release more than a very small quantity, e.g., minute or trace amount, of a hazardous chemical and does not pose a physical hazard or health risk to employees."

Section 1910.1200 of 29 CFR, dealing with Hazard Communications about hazardous chemicals does not apply to this product, and no MSDS is required in connection with this product.

Your use of these products could affect their status as articles. Consult the Federal standard definition of an article.

If you have any questions, please call me at 269-692-6573.

Sincerely,

A handwritten signature in black ink, appearing to read "ROBERT O'HARE", written in a cursive style.

Robert O'Hare  
Division Environmental, Health, Safety and Energy Manager
