TECHNICAL INFORMATION

Balston® Logic Box Removal and Installation
Models 75605, 75606, 75519, 75618, 75619

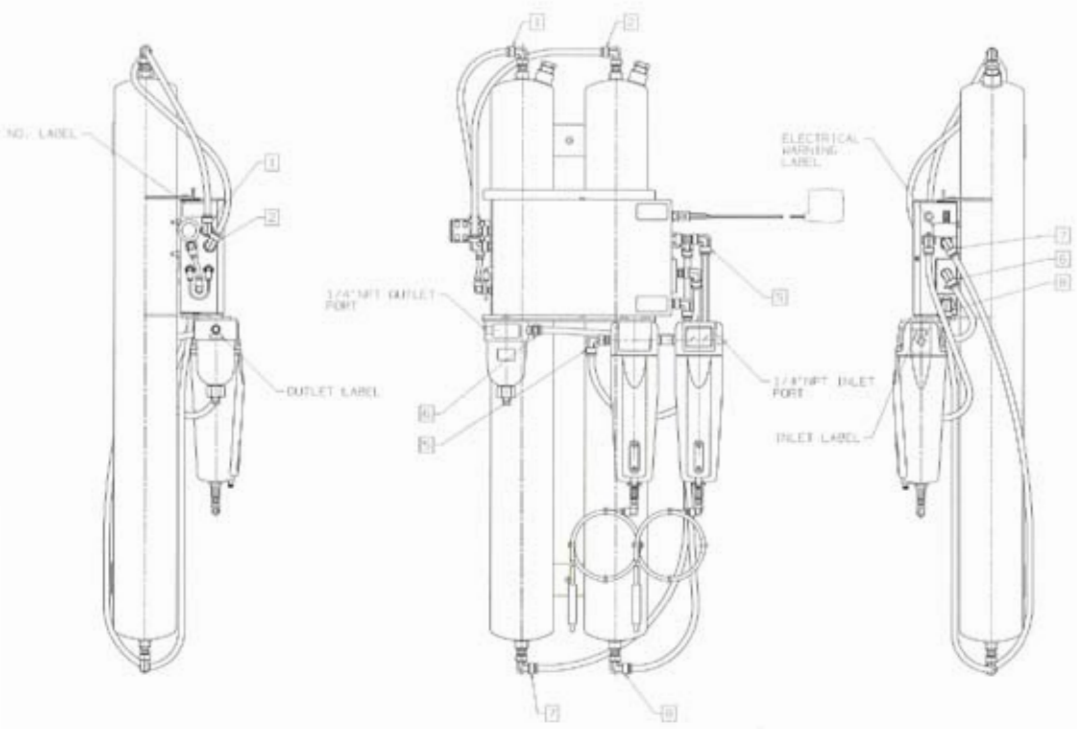

Removal

1. Disconnect Electrical connections.
2. Allow dryer to de-pressurize.
3. Remove the dryer tubing from the fittings on the logic box. To remove the tubing from the press fittings, retract the plastic collar on the fitting and simultaneously pull the tubing out.
4. Remove the screws which hold the logic box in place. Save for re-installation.

Installation

1. Screw the logic box into place using the original screws.
2. Re-connect the dryer tubing to the appropriate logic box fitting, as shown on the reverse side.
3. Re-connect electrical connection.
4. Pressurize system per Parker Balston instruction booklet.

For additional information or technical assistance, please call 1-800-343-4048, 8 AM - 5 PM Eastern Time.

TO REINSTALL LOGIC BOXE AFTER REPAIR
CONNECT TUBING TO CORRESPONDING FITTING NUMBERS
(I.E. CONNECT FITTINGS DESIGNATED AS "1" TOGETHER, ETC)
