Tech Brief TB-0014

Common Cavity O-ring Size

A common question asked of Parker HCS Technical Services is what the Seal size used on our cartridge valve products.

Parker HCS Cartridge valves fit many different cavity sizes, but the majority of our product is designed to fit Industry Common Cavity sizes. To assist our customers and end users with the seals and back up ring sizes used on the common cavity size product and use the SKxx-xx seal kits:

More Information:

Parker seal kits are available from the Hydraulic Cartridge Systems Division. Consult your HCS catalog or www.parker.com/hcs for more information. You can also contact a Product Manager or Technical Support Specialist for help at 847-955-5000 or HCSTechnical@parker.com.
