ParkerStore Celebrates a Long History and New Acquisition

Colliflower will celebrate its long history as a successful retail distributor of hose and fittings with a 60th Anniversary Open House titled "Keep it Rockin" on August 25, 2011. This open house will encompass many supporting Parker experts highlighting fluid connector product capabilities and celebrate the success they've had since 1951. Please take the time on Thursday to visit their headquarters located at 9320 Pulaski Highway, Baltimore, Maryland, 21220 to learn more and meet dedicated Colliflower personnel

Colliflower will also soon introduce a new ParkerStore to their expansive retail network with an acquisition in Harrisburg, PA. The ParkerStore will be operational by the end of September. Their network spans from Georgia to Maryland totalling 18 locations with this new ParkerStore.

As part of the worldwide ParkerStore network ParkerStore retail businesses worldwide, Colliflower will be providing knowledgeable support, professional services, and innovative products and solutions to maintenance, repair and overhaul technicians and original equipment manufacturers in a variety of markets, from material handling to car washes. ParkerStores offer a comprehensive range of hydraulic and pneumatic solutions, manufactured by Parker Hannifin, the world leader in motion control.

According to Sales Manager, Chris Nichols, "Our team of ParkerStore professionals combine high quality products with expert services, developing practical solutions to meet a full range of hose and fitting needs." Nichols reports that the new Harrisburg location will be offering Colliflower's exceptional experience and dedication to their customers as displayed at their other locations. For more information, call: 410-686-1200.
